LB 269A

PRESIDENT: Mr. Clerk.

CLERK: Mr. President, 269A is a bill for an act to appropriate funds to aid in carrying out the provisions of LB 269.

PRESIDENT: Senator Cullan, and may we have a lowering of the conversation level throughout the Chamber so that we can begin to hear.

SENATOR CULLAN: Mr. President and members of the Legislature, I move the advancement of LB 269A. This is the appropriations bill for the judges' salary measure. It will have to be amended but I would suggest that the amendment be adopted on Select File to reflect the Johnson compromise in judicial salaries generally and due to some of the comments that the Governor has made with respect to judicial salaries, we are also visiting with him, so perhaps there may be other amendments that might be necessary at that time. So I would just suggest we move it now and adopt amendments on Select File to conform with whatever final version of LB 269 happens to be.

PRESIDENT: Is there further discussion on LB 269A? If not, the motion is to advance the bill....Senator Kahle.

SENATOR KAHLE: Mr. President and members, I am disappointed that there isn't an amendment up there to do something about this because I don't think it is going to pass this way. But if that is the way Senator Cullan wants to handle it, why I guess it's fine with me but I can't vote for it this way.

PRESIDENT: Is there further discussion on LB 269A? If not, the motion is to advance the bill from General File to Enrollment and Review for review. All those in favor of advancing the bill vote aye, opposed vote nay. The question is the advancement of LB 269A from General File. Please record your vote. We need to have a vote on LB 269A, the advancement of it. Please....Senator Cullan.

SENATOR CULLAN: I would ask for a Call of the House.

PRESIDENT: Call of the House has been asked for. The question is, shall the House come under Call? All those in favor vote aye, opposed vote nay. The Clerk will record the vote.

CLERK: 16 ayes, 0 nays to go under Call, Mr. President.
